

North Glen Shopping Center Glen Carbon, Illinois

Services: *General Contracting
Concrete
Drywall and Metal Studs
Demolition*

To give this 16,500 square foot shopping center a new look, Limbaugh Construction removed the existing mansard roof systems, exterior awnings, and various other exterior finishes.

Before:

Before:

The upgraded exterior finishes included new structural columns, exterior canopies, facades and exterior insulation and finish systems, and simulated masonry materials.

After:

After:
