

White Hall Nursing & Rehabilitation Center

Building Addition

White Hall, Illinois

Project Value: \$3,000,000+
Limbaugh Self-Performed Work: \$900,000

Limbaugh Construction was tasked with building a 15,225 square foot addition for White Hall Nursing & Rehabilitation Center. The new space is being utilized for both skilled nursing services and physical therapy. The project was completed in approximately eight and one half months from start to finish with the majority of the construction occurring during the winter months.
